

LogiPrint USB Scanner

Managing biometric enrollment across multiple sites is time-consuming, costly, and operationally complex.

LogiPrint enables remote fingerprint enrollment from a central PC, seamlessly distributing data to all ACTAtek terminals via the Desktop Enrollment Software, fully integrated with AMS.

Capture Anywhere. Enroll Once. Deploy Everywhere

KEY ADVANTAGES

Why LogiPrint?

<p>Centralized Enrollment</p> <p>Capture at HQ once, deploy to all sites instantly via AMS.</p>	<p>Faster Rollout</p> <p>Eliminate on-site registration and cut deployment time significantly.</p>
<p>Lower Costs</p> <p>Minimize travel, manpower, and installation overhead.</p>	<p>Seamless Integration</p> <p>Works natively with ACTAtek devices and the AMS platform.</p>
<p>Enterprise Ready</p> <p>Built for multi-site, multi-region operations at scale.</p>	<p>Plug & Play</p> <p>USB 1.1 connection — no drivers, no configuration required.</p>
